Sweetheart Hubby: —

Rec'd this morning your two letters, the one of Sunday, and Monday's. Was disappointed in Sunday's letter as I expected a big one, — that is what you wrote in your Thursday's + Friday's letter. Why didn't you write me a nice big long one? Haven't received the Souvenir book you wrote that you sent from the Masonic Lodge. I wonder what could have happened to it, — surely it ought to be here by now.

Am certainly alarmed about your Stomach. Certainly you must Eat, and eat, heavy as simple wholesome food as you can get. Then if your stomach still bothers you, take after each meal, or if you find that too many, take one

after breakfast & once after supper, one of those Sgr. Cascara tablets. Do that, will you honey, and I am sure that you will find it to help you wonderfully. Take care of yourself, precious, dear, until I come down, will you? And I am sure if you do as I tell you, you will feel much better and avoid a lot of unpleasant suffering. Let me know daily how you are feeling. As to my self, am feeling fine, — foot is OK. — getting so fat you won't know me.

Listen honey as I have already written you don't send the trunk if you haven't already done so.

Am sure proud of you, honey, dear and particularly proud when I saw that clipping. Let me know how you made out in it. Do not understand, however, why you must have $10.00. But believe me, the money will come in mighty handy, alright.

Have heard nothing more about my vacation. If I see Mr. Stone to-day, I am going to ask him about it. If, however, I don't get it by the 15th I'll lay Lane on a sick leave for 2 weeks, if I can only procure a doctor's certificate. I mean to get those 2 weeks, as I know I am entitled to it. Have done very little lately, as I found so little time in which to do anything. Expect, however, to accomplish a lot during my vacation. Five weeks to-day I quit and the following day, where am I going? Listen, dear, Nell tells me that if I give notice 24 hrs. advance to my leaving, I can have the transfer co. in Penn. Depot. call for my packing case trunk. Is this a better way to ship it, — for in that case, I can

pretty well depend on them. I don't want to have the trouble you had.

In the Evening Edna, Nell & my self, went to the Palace, but found such a crowd there we came all the way back, and went into the Colonial. Just rather a decent picture. In the Hearst News, they showed the parade that had ~~then~~ taken place earlier in the day. Talk about quick work! I shall never be able to describe to you the rush that turned out to see that parade. The papers say there were between 2 to 3 million people there. I believe it & think that 3/4 of them picked out the same block that I did. I happened to be surrounded by rather a nice set of people, and one lovely couple shared out with some of their dainty lunch which they took along. They came all the way from Delaware Water Gap.

I shall close my letter with all the hugs & kisses I possess to the dearest Hubby — all the world. Everlasningly I remain.

Yes, Dear, I think you must enjoy everything because you know I am there with you in spirit. I know you will be very lonesome, but I am so glad to think you have such a good place to stay. Nell & I were talking about you last night & we both felt so sorry for you. It must be very lonely for you. Do be careful of your health. It is so important. I know you will be careful, I know you will take care of yourself. Do write me as often as you can. I miss your letters so. I know you are busy, but I am so lonesome. Do write me all the news. Do hope you are well. Do hope you are not worrying about me. I am well & happy & I guess I need not say I miss you. Do write me often
